Book of Destiny

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you. if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.

Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of *Destiny Cards* by Robert Camp, available where you got this report. His other book, *Love Cards*, is also highly recommended, and also available where you purchased this report.

All about Your Birth Card

Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.

The Nine of Diamonds Person

The Card of Universal Values and The Giver's Card

Nine of Diamonds people are here to 'let go' and complete a major chapter in the evolution of their soul and personality. This entails a lot of giving to others and being willing to release both people and material things from their life when the time comes. If they have not heeded the call to give and let go of others, money, relationships, and love, their life can be filled with disappointment and remorse. Those on the positive side are philanthropic and generous, happy and productive. All have the opportunity to experience first hand, the heightened consciousness that comes from living a 'universal' life.

Despite losses from time to time, these people can do very well in business, especially when it involves selling or other creative enterprises. They are great at promoting things they believe in. They are great talkers and communicators. Many become counselors, if not professionally, then at least with their friends and family. If they keep their values in proper perspective, they may even attain affluence. A disregard for the higher laws will inevitably result in misfortune and misery. They should be careful while driving and when taking any kind of risks and chances. They can be reckless or accident prone.

They also have great minds and many are attracted to some professional work that allows them to use their intellectual abilities.

One of the challenges of the Nine of Diamonds is to develop and use their charm and power to do some good work. Many of them are destined to make great contributions to the world, often by leading others to a higher form of knowledge or understanding.

Some of the Nine of Diamonds Issues Concerning Relationships

Nine of Diamonds like to have someone to talk to and prefer relationships with those who are witty and smart. Most of them have at least one challenging marriage of a karmic nature and there are usually responsibilities associated with family, spouse or children. Marriage is usually karmic, or destined, and often long lasting. The men should always beware of female Club cards, except the Jack of Clubs, who might make a good marriage partner. They tend to have traditional values about marriage and are very giving people and easy to get along with.

All about Your Planetary Ruling Card

The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.

Seven of Spades as Your Planetary Ruler

This ruling card adds strength to your personality and gives you a certain amount of good fortune, especially in the areas of home and family. You may feel that you have a blessed marriage or relationship, or that many good things have come from your parents. Health concerns may play a major role in your life and you may be accident-prone. The Seven of Spades encourages us to have faith in life, in spite of whatever circumstances we may find ourselves in. In this regard, you may find yourself tested many times. You are probably attracted to those of intelligence and wit and with a bit of luck, you could marry one of them. Financial security is something that will only come through hard work.

Auspicious Events Occuring at Age 40

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

You will get a Wish Fulfilled This Year

Your Birth Card falls in a position this year that is governed by the Planet Jupiter. Because of this you will have a certain amount of good fortune and you will see at least one of your important wishes fulfilled at the same time. This does not mean that every problem in your life will disappear or that everything will be easier. But it does mean that some things will come easier to you and that something you want will manifest itself. This is, for the most part, going to be a year of prosperity and abundance. Though you may have challenges in other areas, there will be much to be grateful for. Magnify this prosperity by receiving it and giving thanks.

You Have Good Career Influences This Year

Because of the position of your Birth Card this year, there are opportunities for you to achieve a larger measure of recognition in your work. Of course, if you are not career or business minded, this influence will have little effect on you. But for those who are trying to get more recognition or wish to become better known, this is a year when some of those dreams will come true.

The cards in your Birth Card's Yearly Spread will rise up to the 'Crown Line' sometime this year and because of this, people will begin to pay more attention to what you are doing. You could achieve some sort of award or merely become more recognized in your field. Many people receive promotions during years such as these. Just how it will manifest will depend upon the nature of your work or aspirations. Knowing, however, that these influences are present, it would be advantageous to put more effort into becoming recognized.

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread, or your Planetary Ruling Card spread. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it. Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to

THE LIFE SPREAD

Auspicious Events Occuring at Age 40 (continued...)

know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

About the Saturn Period Cards from your Birth Card Spread

Your Saturn
Period lasts from

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

The cards below are from your Birth Card's Yearly Spread. Therefore, they are the most important Saturn Cards of the year and may pertain to any area of your life.

Your Direct Saturn Card

Your Direct Saturn Card

The Ace of Hearts in the Saturn Period

Saturn's karmic influence says that you are now dealing with some experiences that were created in the past. If you have a frustrated or unsuccessful attempt to gain another's affection, it could be the result of your actions from the past, even a previous life. Another possibility of this influence is a letter from a friend in need or having some kind of illness or burden. A birth occurring during this period is likely to be difficult and problematic.

This influence often represents a desire for affection and attention that is difficult, if not impossible, to fulfill. It can represent loneliness and an aching heart. This influence can prompt us to even become somewhat desperate about our need for love, but its purpose is to direct our attention within so that we learn how to fulfill ourselves from inside and depend less on others for our sense of being loved. Whatever happens during this period, it is likely to help you get your attention back on to your inner needs and feelings and the end result will be your having more ability to love yourself.

Your Vertical Saturn Card

At this time you could be feeling some limitation brought about by the illness or ill-fortune of someone close to you, usually a good-hearted young man. You could feel obliged to give up your personal desires to help this man, and yet you feel chained down, or limited in some way. This influence usually indicates a time when difficult but necessary sacrifices have to be made. The other card in this same period may give you more details about what or who is involved.

Be on the lookout for men of the Hearts suit, especially those who are younger or who may be approaching you from either a romantic or creative point of view. These are likely to prove burdensome in some way during this period.

Everything tends to lighten up and we tend to focus more on the people we hang out with both socially and at work. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Your Direct Uranus Card

Your Direct Uranus Card

The King of Spades in the Uranus Period

This powerful card guarantees success and accomplishment during this period. It is so powerful that you could simply decide what you want to accomplish and it will be so. You will have to work for it and you must be willing to look at yourself objectively and take whatever actions are necessary to accomplish your goals. But success is assured. The Uranus influence brings especially good results in work, real estate and group related activities. Also you may find success in computer or high tech related areas.

Men, especially older men, of the Spades suit will seem to be unpredictable during this period, and to a lesser extent, for the entire year. You would do best not to place too many expectations on them while they are this sort of influence in your life.

Your Vertical Uranus Card

Your Vertical Uranus Card

The Seven of Clubs in the Uranus Period

This period could bring unexpected trouble or doubts related to work, a friend or a real estate transaction. Perhaps some plans you have made were unexpectedly interrupted. Under this highly spiritual influence you must be prepared to let go of your plans and adopt a positive attitude in spite of whatever circumstances present themselves. Then you may experience the 'higher mind' potential of this card, cosmic consciousness and freedom from worry and concern.

This is a good influence for spiritual matters, learning new spiritual information, attending classes, etc. Also, keep in mind that a positive card, such as a four, eight, or ten, in the other position this period would offset any problematic situations that may arise and bring about good results overall.

You may find yourself taking a trip caused by someone's ill health at this time, maybe even your own. Take extra care while traveling. Separations from lovers or friends are more traumatic under this influence.

Under Saturn you may experience a difficult separation or divorce. If so keep in mind that Saturn brings challenges of a karmic nature. There are debts to be paid, perhaps even from past lives. See if your own restlessness has not played a role in this.

This would not be a good time to take a vacation or travel so try to schedule any trips either before or after this period. The only exception to this would be if you have a very strong card as the other Saturn Card, such as a four or eight, which could bring satisfactory results with minimal struggle.
