*** LUNAR RETURN REPORT ***

The Lunar Return is a monthly chart calculated for the time when the Moon returns to the exact position it was in your natal chart. This happens every twenty-eight days; there are thirteen Lunar Returns in a year. These charts mark the principal events of the month for which the return was produced.

This report outlines possible events for that month and also gives some suggestions on how to deal with the positive as well as negative planetary aspects.

In some cases you will find contradictions; a planet may be beneficial in a certain area, while others may indicate the opposite. This means that you could have two types of situations in the same month. For example: a lover's quarrel and a following reconciliation. To get the most out of this report, it will be necessary to use your own logic and intuition, fitting the descriptions outlined here to your own particular case.

The objective of this report is to offer you a practical guide that helps you to analyze this month's perspectives and to benefit from them using your free will. Note that the accuracy of these calculations depends much on how precisely your hour of birth is known.

MC in 10th natal house:

Your inner aptitudes are emphasized now. There could be opportunities to improve your professional situation. A month of social elevation and improved status.

Moon in 3rd house:

Literary and intellectual activities are emphasized. Studies and communications in general are favored. It is likely to be a month of little routine. You probably will take a short trip, receive a letter bearing news or some important documents. There could be visits or encounters with relatives or neighbors. You also could be exposed to fights, family disputes, criticism or gossip within your family.

Moon Opposition Pluto:

This influence will last several months in which you will experience a transformation and liberation of your inner world. During this time you will become aware of your repressed emotions of hatred or bitterness that are still deep within yourself and necessary to release to reach greater happiness in the present.

Your reactions could become violent or instinctive, or you may develop obsessive behaviors, trying to control or manipulate your loved ones. You may become involved in a passionate relationship or one that is conflicting. There could be times of tension or sexual violence.

Moon Trine Jupiter:

You will have a sense of well-being and contentment during this month. You tend to be in a positive state of mind and feel optimistic, happy and generous. You will be lucky in things that you undertake. This luck will mainly be due to your sincere and positive attitude. Your family atmosphere is likely to be very congenial and harmonious.

Moon Trine Neptune:

This influence will be in effect for several months and will bring you more in touch with your spiritual world. Meditation and prayer would be very beneficial during this time. Your sensibility and degree of perception also will increase and being very intuitive may bring some premonitions that come true.

You are likely to have a compassionate and all embracing attitude toward others and your imagination and your pleasures will be more refined. You tend to be more romantic and your relationships will be more idealized or platonic. You are inclined to relate with more spiritually evolved people and find more inner peace.

Lunar Return 6th cusp conjunct natal Pluto:

Your repressed emotions could bring on a physical ailment. Try to release this restrained energy to avoid major problems, especially if you currently are ill. This month brings the possibility of regeneration and complete recovery.

There could be definitive and profound changes in your occupational area that place you in a different position, either in your place of work or in another company. You tend to show greater authority and will be less flexible in your dealings with others.

Sun in 2nd house:

Business and material matters in general will be very favorable. Investments, purchases, negotiations and increasing your capital will be the principal objective of this period. You will concentrate your attention on everything related to money and will be successful in your enterprises, especially if there are no other astrological factors that contradict it. This influence could bring more ease and luck to earn money.

Mercury in 2nd house:

There is a possibility of earning more money in business, especially if it is related to communications, travel or journalism.

Venus in 3rd house:

The relationship to your immediate environment, neighbors, brothers and sisters or other relatives is likely to be improved. You may take a short trip that will be very pleasant. If you are involved with someone, you may travel with them. Otherwise, there is a possibility of falling in love on a trip.

Mars in 10th house:

Conflicts and fights could arise because of your domineering temperament. You want more freedom and independence and resent limitations in your professional world. It could be a tense month and one of conflicts with authority figures. If you don't reach a peaceful agreement with your superiors, you are likely to lose your employment. You will be more inclined to take chances and risks and tend to rely more on your initiatives.

Jupiter in 6th house:

Your occupational situation is likely to improve and tends to be more agreeable. The relationship with your co-workers and bosses will be more harmonious and happy. You may receive certain benefits or improvements in your working conditions.

There is a tendency to overindulge. Avoid fats, fried and other foods that could affect the liver. You also should avoid candy and sugar because you could gain weight easily during this period.

Saturn in 8th house:

There could be financial difficulties, especially if you have shared resources or joint investments with other people. Losses or delays in business income or legacies are possible. Try not to incur any debts during this time; requests for any type of credit or loan won't be favorable. There is a tendency to repress your libido and your need for sexual satisfaction.

Uranus in 12th house:

Your freedom could be limited to a large extent during this month. Unexpected opposition from enemies could develop or some problems could arise suddenly that will limit your independence. These drawbacks will clearly be the result of your actions in the past. There is a tendency to repress your more original and novel ideas for fear of rejection or incomprehension.

Neptune in 11th house:

Deception by friends is possible. Try to be realistic, especially if you meet new people.

Pluto in 9th house:

There is a need to transform and deepen your spiritual world. If you were to take a long trip during this month, you probably would visit removed or exotic places that will expand your consciousness.
