*** LUNAR RETURN REPORT ***

The Lunar Return is a monthly chart calculated for the time when the Moon returns to the exact position it was in your natal chart. This happens every twenty-eight days; there are thirteen Lunar Returns in a year. These charts mark the principal events of the month for which the return was produced.

This report outlines possible events for that month and also gives some suggestions on how to deal with the positive as well as negative planetary aspects.

In some cases you will find contradictions; a planet may be beneficial in a certain area, while others may indicate the opposite. This means that you could have two types of situations in the same month. For example: a lover's quarrel and a following reconciliation. To get the most out of this report, it will be necessary to use your own logic and intuition, fitting the descriptions outlined here to your own particular case.

The objective of this report is to offer you a practical guide that helps you to analyze this month's perspectives and to benefit from them using your free will. Note that the accuracy of these calculations depends much on how precisely your hour of birth is known.

LUNAR RETURN: 9 August 2018 at 1:04:57 AM

Lunar Return Ascendant Gemini :

A month of communication, movement and changes. Your emotions will fluctuate and you have a need to speak, be heard, to learn and to know. A short trip or an encounter with your family is possible.

Asc in 1st natal house:

You will be interested in developing your whole personality, including your physical body and the characteristics of your temperament. The degree of your success will depend entirely on your own effort and initiative.

Lunar Return MC Aquarius :

A month of changes, surprises and reformation in your occupational environment. You are apt to be impatient and irritable with your superiors and can't tolerate your daily routine. The quality of life in your own home tends to be improved. Investments or purchases that increase the value of your home are possible.

MC in 10th natal house:

Your inner aptitudes are emphasized now. There could be opportunities to improve your professional situation. A month of social elevation and improved status.

Moon in 2nd house:

Your personal economy is emphasized. You are likely to look for ways to economize, save, or at least become aware of your daily expenses. Your financial situation may fluctuate or change. There is a possibility to receive gifts, increase your income, make purchases or deal with banks or credit companies. Your mental state depends on your financial stability.

Moon Opposition Pluto:

This influence will last several months in which you will experience a transformation and liberation of your inner world. During this time you will become aware of your repressed emotions of hatred or bitterness that are still deep within yourself and necessary to release to reach greater happiness in the present.

Your reactions could become violent or instinctive, or you may develop obsessive behaviors, trying to control or manipulate your loved ones. You may become involved in a passionate relationship or one that is conflicting. There could be times of tension or sexual violence.

Moon Trine Jupiter:

You will have a sense of well-being and contentment during this month. You tend to be in a positive state of mind and feel optimistic, happy and generous. You will be lucky in things that you undertake. This luck will mainly be due to your sincere and positive attitude. Your family atmosphere is likely to be very congenial and harmonious.

Moon Trine Neptune:

This influence will be in effect for several months and will bring you more in touch with your spiritual world. Meditation and prayer would be very beneficial during this time. Your sensibility and degree of perception also will increase and being very intuitive may bring some premonitions that come true.

You are likely to have a compassionate and all embracing attitude toward others and your imagination and your pleasures will be more refined. You tend to be more romantic and your relationships will be more idealized or platonic. You are inclined to relate with more spiritually evolved people and find more inner peace.

Lunar Return 3rd cusp conjunct natal Venus:

You are likely to express yourself harmoniously and will find a better response from your immediate environment. You may take a short trip and could fall in love or meet new friends during the trip.

Lunar Return Jupiter conjunct natal Uranus:

The happiness and optimism of others tends to bring out your more rebellious and original nature. You have the courage to show who you really are, and are likely to make your ideas or more fanciful attitudes known. You may do this to amuse people around you, or simply because you feel that you can act with naturalness when you are surrounded by happy and positive people.

Sun in 3rd house:

This position benefits your mind and your intellect. It is a good time to begin or complete studies. You are eager to obtain knowledge and it is important to satisfy this need. You probably will take some courses, read books, attend conferences or study groups which cover subjects that interest you. If you have literary inclinations, this month could be very productive. Communication and the desires to be with others will be increased. On the other hand, everything that has to do with correspondence, contracts, and papers in general is likely to be put in order.

Mercury in 3rd house:

You may begin some type of study at this time. If you already are studying, you probably will be very successful. There is greater ease to communicate and to express yourself in writing as well as verbally.

Venus in 5th house:

This will be a very appropriate month to amuse yourself. Romantic relationships will be very favorable and you will enjoy the company of the person you love. If you are not involved with anyone, you may meet someone during this time. Your creativity will increase and you may also look for ways to express yourself creatively.

Mars in 9th house:

There could be disagreements or conflicts in your religious belief. You may want to defend and strongly impose your beliefs on others while rejecting theirs. Regarding your family, possible disagreements with brother-in-laws are possible.

Be very cautious while traveling during this time, as this influence generates problems and tensions when visiting foreign countries.

Jupiter in 6th house:

Your occupational situation is likely to improve and tends to be more agreeable. The relationship with your co-workers and bosses will be more harmonious and happy. You may receive certain benefits or improvements in your working conditions.

There is a tendency to overindulge. Avoid fats, fried and other foods that could affect the liver. You also should avoid candy and sugar because you could gain weight easily during this period.

Saturn in 8th house:

There could be financial difficulties, especially if you have shared resources or joint investments with other people. Losses or delays in business income or legacies are possible. Try not to incur any debts during this time; requests for any type of credit or loan won't be favorable. There is a tendency to repress your libido and your need for sexual satisfaction.

Uranus in 12th house:

Your freedom could be limited to a large extent during this month. Unexpected opposition from enemies could develop or some problems could arise suddenly that will limit your independence. These drawbacks will clearly be the result of your actions in the past. There is a tendency to repress your more original and novel ideas for fear of rejection or incomprehension.

Neptune in 10th house:

Your occupational environment tends to be confusing and disappointing to you. You could suffer social discredit, envy or betrayal from people who are after your position. Fears and doubts about your career could develop.

Pluto in 8th house:

Transformation and changes in your current situation are indicated. These will emerge from your deeper emotions and pent-up impulses that now need expression and release. Your sexual desire is likely to increase.

Your finances could vary abruptly, for better or for worse, and it is not a good time to apply for credit or to incur debts.
