*** LUNAR RETURN REPORT ***

The Lunar Return is a monthly chart calculated for the time when the Moon returns to the exact position it was in your natal chart. This happens every twenty-eight days; there are thirteen Lunar Returns in a year. These charts mark the principal events of the month for which the return was produced.

This report outlines possible events for that month and also gives some suggestions on how to deal with the positive as well as negative planetary aspects.

In some cases you will find contradictions; a planet may be beneficial in a certain area, while others may indicate the opposite. This means that you could have two types of situations in the same month. For example: a lover's quarrel and a following reconciliation. To get the most out of this report, it will be necessary to use your own logic and intuition, fitting the descriptions outlined here to your own particular case.

The objective of this report is to offer you a practical guide that helps you to analyze this month's perspectives and to benefit from them using your free will. Note that the accuracy of these calculations depends much on how precisely your hour of birth is known.

Lunar Return Ascendant Taurus :

You have a need to find stability and emotional safety. There is a tendency to romanticism, intimacy and strong emotional attachments. Your economic sphere is emphasized and improvements are possible.

Asc in 1st natal house:

You will be interested in developing your whole personality, including your physical body and the characteristics of your temperament. The degree of your success will depend entirely on your own effort and initiative.

Lunar Return MC Aquarius :

A month of changes, surprises and reformation in your occupational environment. You are apt to be impatient and irritable with your superiors and can't tolerate your daily routine. The quality of life in your own home tends to be improved. Investments or purchases that increase the value of your home are possible.

MC in 10th natal house:

Your inner aptitudes are emphasized now. There could be opportunities to improve your professional situation. A month of social elevation and improved status.

Moon in 3rd house:

Literary and intellectual activities are emphasized. Studies and communications in general are favored. It is likely to be a month of little routine. You probably will take a short trip, receive a letter bearing news or some important documents. There could be visits or encounters with relatives or neighbors. You also could be exposed to fights, family disputes, criticism or gossip within your family.

Moon Opposition Venus:

During this month you will eagerly search for pleasure and harmony. This could lead to an imbalance in your emotional as well as your economical sphere. Moderate your expenses to avoid unnecessary debts. There is a tendency to act on a whim. Problems in your romantic life are possible. Jealousy and possessiveness could occur, or you may get involved in the wrong kind of relationships that could subject you to gossip or public scandals.

Moon Opposition Saturn:

You may feel very lonely and depressed during this month. Your social life is likely to be limited and you could be plagued by negative thoughts and emotional frustration.

You may have to deal with painful affectionate situations such as deceptions, separations, or indifference on the part of your loved ones. The feeling of romantic failure will be very strong. It is a time to meet with karmic debts. Domestic problems with older people or those who have authority are also possible.

Moon Trine Mercury:

Your feelings and your mind will be balanced. Your thinking will be influenced by your emotions, but you have the ability to stay rational. A good time for concentration and studies. You may receive good news; communication and business contracts or negotiations are favored.

Moon Trine Neptune:

This influence will be in effect for several months and will bring you more in touch with your spiritual world. Meditation and prayer would be very beneficial during this time. Your sensibility and degree of perception also will increase and being very intuitive may bring some premonitions that come true.

You are likely to have a compassionate and all embracing attitude toward others and your imagination and your pleasures will be more refined. You tend to be more romantic and your relationships will be more idealized or platonic. You are inclined to relate with more spiritually evolved people and find more inner peace.

Lunar Return 6th cusp conjunct natal Pluto:

Your repressed emotions could bring on a physical ailment. Try to release this restrained energy to avoid major problems, especially if you currently are ill. This month brings the possibility of regeneration and complete recovery.

There could be definitive and profound changes in your occupational area that place you in a different position, either in your place of work or in another company. You tend to show greater authority and will be less flexible in your dealings with others.

Sun in 10th house:

This is a month of advance and progress. Your ambitions as well as your will to work and get your ideas across to others will be very strong. Your professional success and recognition of your work will increase. It is important that you trust your own decisions, ideas and intuition, because success only will come if you have confidence in yourself. You probably will make certain purchases or investments that will improve the quality of your life and change your social status or economical situation.

Mercury in 11th house:

Communication with your friends tends to be on a higher level, which will permit you to enhance your knowledge on certain topics or studies. Participation in group discussions will bring mental stimulation as well. Your social circle will increase and you may be able to do some business with people you know at this time. You also could meet or surround yourself with younger people.

Venus in 9th house:

A good month to take a trip abroad. You could establish new relationships with people of other countries. It is possible to make that trip with the person you love, or you may fall in love during the trip. In either case, your mind will be expanded through the experience of love.

Mars in 12th house:

Confrontations with competitors or very powerful rivals are possible. You could be drawn into traps or various deceptions. You tend to be less independent and frustrations or impulsive reactions could lead to accidents or burns. Try to become aware of your bitterness from the past and discard all negative emotions and desire for revenge.

Jupiter in 8th house:

There is a possibility of obtaining joint investments or businesses. Gains through inheritance, legacies or legal processes are also possible. There could be some administrative problems with paper work or taxes. However, this position will offer you a miraculous degree of protection against any danger or problem.

Saturn in 9th house:

This influence could bring spiritual coldness or a tendency to withdraw from religion. There could be delays or complications on long trips or problems abroad. Troubles with in-laws could also be possible.

Uranus in 12th house:

Your freedom could be limited to a large extent during this month. Unexpected opposition from enemies could develop or some problems could arise suddenly that will limit your independence. These drawbacks will clearly be the result of your actions in the past. There is a tendency to repress your more original and novel ideas for fear of rejection or incomprehension.

Neptune in 11th house:

Deception by friends is possible. Try to be realistic, especially if you meet new people.

Pluto in 9th house:

There is a need to transform and deepen your spiritual world. If you were to take a long trip during this month, you probably would visit removed or exotic places that will expand your consciousness.
