*** LUNAR RETURN REPORT ***

The Lunar Return is a monthly chart calculated for the time when the Moon returns to the exact position it was in your natal chart. This happens every twenty-eight days; there are thirteen Lunar Returns in a year. These charts mark the principal events of the month for which the return was produced.

This report outlines possible events for that month and also gives some suggestions on how to deal with the positive as well as negative planetary aspects.

In some cases you will find contradictions; a planet may be beneficial in a certain area, while others may indicate the opposite. This means that you could have two types of situations in the same month. For example: a lover's quarrel and a following reconciliation. To get the most out of this report, it will be necessary to use your own logic and intuition, fitting the descriptions outlined here to your own particular case.

The objective of this report is to offer you a practical guide that helps you to analyze this month's perspectives and to benefit from them using your free will. Note that the accuracy of these calculations depends much on how precisely your hour of birth is known.

Lunar Return Ascendant Aquarius :

There is a greater need for personal freedom and to escape the daily routine. A month of surprises and unexpected events that will bring changes and emotional conversion. You will look for the support of your friends and participate in group or political activities.

Asc in 9th natal house:

A month of spiritual and inner awakening. You are becoming more aware and have a better understanding of your problems. You may feel a stronger connection to your inner God and it would be an ideal time for meditating and praying. Planning or taking a long trip is also possible.

Lunar Return MC Scorpio :

A month of intrigue, rivalry, tension and occupational changes. You tend to rely on your intuition to choose your new path. A strong emotional crisis is possible and you need to detach yourself from the past. Your home will be your place of refuge and rest. There is a great need to find safety and protection.

MC in 6th natal house:

Success in all types of service or tasks of subordinate nature is indicated. You tend to be less independent or may lack occupational opportunities. It is a month of limitations.

Moon in 6th house:

Emotional ups and downs or too much work could take a toll on your health and may bring psychological problems. It is important to express your emotions freely, otherwise you could end up with certain disorders, especially in the digestive system. It is an ideal month to begin a diet and to improve your health in general.

You also may turn your attention to your occupational activity and look for ways to improve it. If you are not satisfied, you could change jobs. It is a good time to speak with your boss, co-workers, personnel, and in family situations with uncles or aunts.

Moon Opposition Saturn:

You may feel very lonely and depressed during this month. Your social life is likely to be limited and you could be plagued by negative thoughts and emotional frustration.

You may have to deal with painful affectionate situations such as deceptions, separations, or indifference on the part of your loved ones. The feeling of romantic failure will be very strong. It is a time to meet with karmic debts. Domestic problems with older people or those who have authority are also possible.

Moon Trine Venus:

This will be a happy month. Your principal interests are likely to be pleasures and love. You could have numerous possibilities for romance and may find the person to share your life. If you already have a stable relationship, the enjoyment is much the same. This influence will bring happiness and harmony in matters of

the heart. You have a need to be surrounded by beauty and may redecorate your home or your environment in general. There is a tendency to become a bit lazy with physical efforts.

Moon Trine Neptune:

This influence will be in effect for several months and will bring you more in touch with your spiritual world. Meditation and prayer would be very beneficial during this time. Your sensibility and degree of perception also will increase and being very intuitive may bring some premonitions that come true.

You are likely to have a compassionate and all embracing attitude toward others and your imagination and your pleasures will be more refined. You tend to be more romantic and your relationships will be more idealized or platonic. You are inclined to relate with more spiritually evolved people and find more inner peace.

Moon Trine MC:

This is likely to be a favorable month for your personal enterprises and your work in general. You can count on the support of the public, especially from women. Changes in your professional activity could bring a most fortunate contact with someone, increasing your popularity and your success. This could affect your level of income as well as your creativity.

Lunar Return Mars conjunct natal Mercury:

Fights and arguments with others could affect your mental concentration. You won't be able to think nor respond calmly, if you are with very nervous, energetic or quarrelsome people. On the other hand, your mind may work faster and those tense situations could sharpen your mental capacity.

Sun in 3rd house:

This position benefits your mind and your intellect. It is a good time to begin or complete studies. You are eager to obtain knowledge and it is important to satisfy this need. You probably will take some courses, read books, attend conferences or study groups which cover subjects that interest you. If you have literary inclinations, this month could be very productive. Communication and the desires to be with others will be increased. On the other hand, everything that has to do with correspondence, contracts, and papers in general is likely to be put in order.

Mercury in 2nd house:

There is a possibility of earning more money in business, especially if it is related to communications, travel or journalism.

Venus in 2nd house:

You are likely to make investments and purchases that will improve the quality of your life. Try to be moderate with your purchases because there also is a tendency to waste or luxuries. You may spend money on jewels, art works, expensive clothes and other things that beautify your life or your home. This influence inclines to lose the practical sense somewhat and could lead to unnecessary or extravagant purchases.

Mars in 4th house:

Your home environment is not likely to be very congenial and you may wish that you could live alone. Frequent disagreements and disputes are possible. There could be much activity in your home and you may work on things that need to be finished or repaired. There could also be danger of fire, so try to be extra careful.

Jupiter in 11th house:

You will enjoy the company of your close friends very much during this period. Your social circle will increase considerably and you may participate in some group that has the same interests you have. You also could begin a friendship with someone of a different culture.

Saturn in 12th house:

There is a possibility to meet with some type of failure or loss that will cause you to feel guilty or inferior. Strong opposition from enemies that were hidden before is possible. There is a tendency to loneliness, depression or melancholia. A time to face karmic situations that will help you to evolve.

Uranus in 3rd house:

Your mind will be very active and creative during this month. You may become more interested in novel things and occult subjects. Strange and sudden problems with brothers and sisters, other relatives or neighbors are possible. You can't expect approval from people in your surroundings at this time.

Neptune in 2nd house:

There could be a loss of money due to frauds, swindles or deceptions. Be very careful with investments, purchases or business that you carry out during this month. Don't be fooled by the illusion of large earnings or huge profit with little effort on your part. Beware of the danger of theft!

Pluto in 12th house:

There is a tendency to struggle with obsessions or deep fears of the past. You may have to confront very powerful enemies who will cause difficulties or restrict the attainment of your goals. Try to control your impulsive or aggressive reactions to avoid greater complications, and try to free yourself from bitter and negative emotions.
