Chapter 1: How You Approach Life and How You Appear To Others

Leo Rising:

Ferociously proud and somewhat vain, you like to be impressive and to be seen as Somebody Special. You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position. You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your own will and vision. Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way. You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them. You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

Chapter 2: The Inner You: Your Real Motivation

Sun in Libra:

Harmony and balance are your keynotes. You instinctively understand the need to accommodate other peoples' interests and desires, and you are always fair and willing to meet the other person half way. Tactful, diplomatic, and with considerable social awareness, you do all you can to avoid conflict and discord. You express a spirit of cooperation and compromise and often achieve through charm and discretion what would have been impossible to achieve by a direct, forceful approach.

Getting along with others and pleasing them may be TOO important to you, for you can be too dependent on others' approval and opinions to make your own decisions. You will rarely act without getting the counsel and feedback of other people. You prefer sharing and doing things together rather than on your own. Being alone

feels very unnatural to you, and you have a strong need for a partner and intimate one-to-one relationships.

You invest a great deal of your energy in personal love and you are very idealistic and romantic about marriage. You seek a partner who is your equal intellectually, and who is capable of a mental relationship as well as a physical and emotional one. You make a thoughtful, considerate friend or lover, and you enjoy the traditional symbols of love - courtship, flowers, etc. Relationships are like an art to you, one that requires time, attention, and creative effort. You appreciate a partner who is subtle and polished, never coarse or dull or blunt.

Fairness and equality, both in your personal life and in the world, are extremely important to you. If you fight about anything, it is often about something you feel is unfair and unbalanced. Balance is very important to you and you believe in moderation in all things, avoiding fanaticism and extremism of any sort.

You also have a strong need for beautiful, harmonious surroundings and a natural sense of artistic style and grace, which is reflected in the way you dress, furnish and arrange your home and workspace, etc. Everything must be aesthetically pleasing and appropriate. Either working with people as a counselor, advisor, consultant, or negotiator - or in an artistic field such as design or photography, would be fulfilling to you.

Sun in 3rd house:

The urge to learn and to communicate is essential to you, and you express yourself very well through writing, teaching or sharing ideas and information. You are persuasive and fluent with language.

Restless and inquisitive, you enjoy being mobile and taking short trips and excursions in order to see for yourself what is going on in the world around you.

Sun Conjunct Saturn:

You have a mature and often somber demeanor. You are serious, reserved, self-disciplined, highly responsible and conscientious. You advance in life rather slowly, through your own efforts and persistence. You are also rather stern and judgmental, especially with yourself. Cautious and careful, it is difficult for you to really let go, to be spontaneous and playful. You like to be in control of yourself.

Chapter 3: Mental Interests and Abilities

Mercury in Libra:

One of your greatest assets is your ability to see both sides of an issue, and to negotiate and bring about compromise and reconciliation. Tactful, reasonable, and with considerable social finesse, you work well with people in business as well as in personal relationships. You are objective and somewhat detached from emotional bias, and make an excellent consultant, mediator, or public relations person. You insist upon fairness and seek to bring harmony or at least peaceful coexistence between people, and your diplomacy is a benefit in any business or social situation. You also have fine aesthetic sensitivities and could work in an artistic or cultural environment.

Mercury in 3rd house:

Inquisitive and communicative, your mind seems to be "on" all of the time and you are forever gathering information and sharing ideas. Your attention span may be rather brief; you have many and diverse interests, and are easily distracted. You learn quickly, are eager to pass on what you are learning and thinking about, and may talk excessively.

Mercury Conjunct Venus:

You appreciate aesthetics and have a fine sense of form, design, and beauty. You could develop considerable technical skill as an artist, designer, craftsman, or creative writer. You could also sell objects of beauty - artistic products, cosmetics, jewelry, etc.

You have the ability to please and harmonize well with others and tend to ameliorate relationships between people. Your sense of humor, tact, and personal charm are of great benefit to you in any work with people on a one-to-one level.

Mercury Trine Neptune:

You are open and receptive to subjects which defy rational explanation, such as psychic phenomena, mental telepathy, metaphysics, etc., and you could teach these subjects to others. Your mind is imaginative and inspired and you have an aptitude for art and creative writing.

Moon Opposition Mercury:

You are not interested in subjects that are wholly abstract or technical. There must be a personal, human element to evoke your interest. Your interest is people and their inner motivations, feelings, personal lives, and experiences. You are a natural listener with a talent for getting others to talk about their lives, dreams, desires - the things that are personally meaningful to them. You could also be an excellent writer, reporter, or biographer.

You have a particular interest in the past. You are concerned either with personal history (childhood and early family experiences, genealogy, etc.) or with the roots and origins of societies (archeology, mythology, history, etc).

You are nostalgic and love to hear others' life stories and to discuss your own experiences and feelings. You like to read biographies and memoirs, and probably keep a diary or journal yourself. You also have the ability to be a successful public speaker.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Taurus:

Even tempered and peace loving, you are not easily ruffled and are rarely given to emotional displays. You have a calming effect on more high-strung or volatile people, and an emotional steadiness that others find soothing. Though gentle and not easily provoked, you are tremendously stubborn and will resist any change which requires an emotional adjustment, such as changes in your home life or marriage.

You seek security and loyalty in love, are extremely devoted to your loved ones, and provide a warm, nurturing atmosphere for them. However, you tend to cling and seek to keep others from changing.

A great deal of physical affection, closeness, and touching is essential to your well-being, and you have a tendency to overindulge in sensual comforts and pleasures. At times you substitute food for emotional comfort and love.

Moon in 9th house:

You may have done extensive traveling in your early years, or in some way had a background which enables you to understand and identify with many different types of people or cultures.

You have a craving for things which are far away and foreign or for things you have never experienced before. You want to completely immerse yourself in the feelings and tastes of a new place, rather than simply have facts or an intellectual appreciation. Emotionally, too, you are restless and something of a wanderer.

Moon Conjunct Jupiter:

You are tolerant and forgiving, always ready to overlook mistakes and give others a second chance. You expect the best from people and draw it out of them, and you enjoy making others comfortable and happy. Because of your emotional generosity, your life is rich with friends, and often financial blessings as well.

Moon Opposition Venus:

You have conflicting emotional desires and needs which complicate your personal life. You may feel that you cannot depend on your love partner to take care of you or perhaps you cannot decide what you really want in a love relationship: a parent or a lover. If your needs for emotional sustenance and love are not satisfied, overeating (especially sweets) can be a problem for you.

Moon Trine Pluto:

You enjoy emotional intensity and are attracted to the mysterious, the unknown, and to dangerous or challenging experiences which draw on all of your inner resources. You are able to handle an emotional crisis very well, and you are interested in the deep roots of emotional problems and how to cure them. You insist on bringing feelings between people out into the open, for you want real closeness and intimacy with others, without barriers or secrets.

Venus in Scorpio:

In love, you desire a deep, intense, passionate union with your beloved and form very strong emotional bonds and attachments. You "marry" the person you love at a very deep emotional level, and are often extremely possessive and jealous of any threat to that union. You can be very demanding with your love partner. You tend to be somewhat suspicious of even platonic, friendly relationships your partner has. If you are ever betrayed, you are capable of hating with as much force and intensity as you once loved. You are attracted to people who have an aura of mystery about them.

Venus in 3rd house:

Beautiful, elegant, and harmonious surroundings are very important to you, and you have an innate sense of style, design, and form. Socially, also, good form and politeness are important to you and you instinctively avoid crudeness and dissonance.

You enjoy talking about love, relationships, art and the beautiful side of life. You appreciate artistic people.

Venus Opposition Jupiter:

You share freely whatever you have, and your friends know they can always count on your generosity and support, both emotional and material. Your good-hearted acceptance and tolerance of others' foibles goes a long way in maintaining harmony in your relationships. You also have a lazy streak and sometimes avoid confronting difficult issues in relationships simply because it seems like too much trouble and too petty. You like to socialize and will use any excuse to celebrate with friends. You cannot tolerate too much restriction by your love partner, and encourage your partner's freedom as well.

Venus Sextile Pluto:

You love deeply, passionately, and wholeheartedly, and others may find your intensity either extremely attractive or threatening. You are charismatic and can have a powerful emotional influence on others, especially those of the opposite sex. You may use your attractiveness to manipulate others, sometimes without even realizing it.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Leo:

You are proud and ambitious, and you strive to excel, to stand out and be recognized for who and what you are. You have a very strong ego drive and like to be Number One. You find it difficult to take orders from others or to stay in the background, and you hate being wrong; you always insist that you are right!

You are forceful, strong, energetic, determined, and highly competitive. You play hard, you play to win, and you do not give up easily. In fact, you see life as a competitive sport or performance. You love admiration and applause, and you have a strong sense of personal honor and integrity. You tend to be very self-confident, even arrogant. Because of your belief in yourself, you are able to accomplish much, but if your confidence is ever

undermined, you become self-conscious, defensive, and rather belligerent.

Mars in 12th house:

Asserting yourself and being direct and forceful about what you want is very often difficult for you. Though you may have a great deal of energy and drive, you lack confidence or simply the desire to put yourself and your interests first. Positively you can be very unselfish, working more on behalf of others rather than for yourself.

You deny your own desires and needs too much, however, and you are likely to secretly become very angry, which will sabotage your finest efforts.

Chapter 6: Other Influences

Jupiter in Taurus:

Material comfort, security, and well-being are quite important to you, and you are not one to have your head in the clouds when financial matters and future security are at stake. Your strengths are practicality, a love of the earth, and the ability to take great delight in the sensual pleasures of the natural world. Also, when you feel secure financially, you are likely to be very generous and hospitable.

Jupiter in 9th house:

You are very open-minded and deeply curious about distant places and ways of thinking and living that are different from your own. The urge to travel widely and to experience as much of the world as possible is very strong in you. The study of philosophy or religion also interests you a great deal. You benefit from your contact with other cultures, and you may be involved in linking those who are far apart geographically or philosophically.

Jupiter Trine Pluto:

Your sensitivity to the larger social context of a project gives you the perspective to discern good opportunities and attract successful pursuits. You are likely to achieve a high level of success in your career or business.

Saturn in Libra:

You take your personal relationships so seriously that they may seem more like work, constant effort, and compromise, rather than a free and enjoyable sharing. You may feel that relationships in general require more of you than they are worth, and you enter into any close relationship cautiously and conscientiously. You also fear entrapment in close relationships.

Saturn in 3rd house:

You are serious-minded and may have difficulty making light social conversation or participating in friendly, personal interchanges.

You try to be strictly accurate and are critical of people who exaggerate or talk on subjects they really know little about. You withhold your thoughts and opinions until you have thought everything through quite thoroughly, and sometimes your silence discomforts others.

Your mental concentration is very good but your breadth of understanding may not be.

Uranus in Aries:

You are part of a 7 year group of people who are highly independent, self-reliant, self-willed, and rebellious. You are a rowdy bunch and your generation broke many time-honored traditions and customs. Your age group pioneered many new ideas that remained fashionable for many years; for example, rock 'n' roll was introduced by people of your age group.

Uranus in 8th house:

Your life is characterized by sudden disruptions and events which change the direction of your life quite unexpectedly. You may be impatient and reckless at certain times, impulsively acting out your urge for new life and change. You are an emotionally complex person and you are capable of intense, unexpected outbursts of feelings and desires.

If you share material assets and resources with another person (as in a marriage or business partnership), your fortunes are likely to fluctuate wildly or change quickly for better or worse.

Uranus Square Pluto:

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

Neptune in Aquarius:

You are part of a 14 year group of people that are progressive and broad-minded in religious philosophy and spiritual attitude. You are not a mystical bunch, but you are not skeptics or cynics of mysticism either. However, you generally do not follow a religious philosophy unless it appeals to your sense of logic and reason. The more ancient and intuitively based religions are of little interest to your age group, and religions undergo much "modernizing" during your lifetime.

Your generation blurs the distinction between science and mysticism; your scientific discoveries are carried on with a spirit of awe and wonder, and the discoveries that are made only serve to increase that sense of awe and wonder. The dry, academic approach to science fades out during your generation.

Science fiction is also popular with your age group. Also popular are abstract artistic styles, which reflect your

progressive imagination.

Neptune in 7th house:

You often have very naive, idealistic, or overly romantic attitudes toward people, and it's difficult for you to see others realistically. You may prefer to keep your relationships on an idealistic or platonic level, so that you don't have to deal with the more prosaic, earthy, human aspects of relating.

Thoroughly investigate potential marriage or business partners, as your gullibility and desire to see only the best in people may blind you to the truth about others with whom you form a close alliance.

Pluto in Capricorn:

You are part of a 15 year group of people who have a very strong practical and realistic attitude towards life. You are an ambitious group also and you work hard to improve business, commerce, and other practical affairs. There always seems to be lots of hard work that needs to be done when your generation comes around, and your generation is ready and willing to do it.

Your age group is marked by its precociousness and seriousness. However, it is also as if you were somehow cut off from many of your inner feelings. There is very little of the "child" in most members of your age group, and you have a much cooler, more detached attitude to life than other age groups. You are mature, but also rather aloof. You are ethical but tend to lack empathy and heart. For many members of your age group, it is as if they were cut off from their deeper, emotional side. Naturally, it is important not to let this tendency become too unbalanced, as it can lead to a harsh, insensitive attitude, and a tendency to become involved in corrupt and unethical practices.

Pluto in 5th house:

You have very strong creative forces and whatever you do, you want to do to the fullest. In love and romance, you get totally, passionately, even obsessively involved. In other forms of creative release and self-expression, also, you are very driven and you have a deep need to prove yourself. Your desire for personal recognition is compelling, and if you do not achieve creative success, you may try to force your children to fulfill your dreams for you.
