Chapter 1: How You Approach Life and How You Appear To Others

Cancer Rising:

You appear gentle and soft, and you act rather reserved with others until you know them well and feel it is safe to be open with them. You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc. Making radical changes or moves away from what is known and safe can be very painful and difficult for you. You tend to cling and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life emotionally and subjectively and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and nonrational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices. You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You are tenaciously loyal, protective, and supportive of those you care about, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they need comfort, reassurance, or help.

Your moods fluctuate and change frequently and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

Chapter 2: The Inner You: Your Real Motivation

Sun in Libra:

Harmony and balance are your keynotes. You instinctively understand the need to accommodate other peoples' interests and desires, and you are always fair and willing to meet the other person half way. Tactful, diplomatic, and with considerable social awareness, you do all you can to avoid conflict and discord. You express a spirit of cooperation and compromise and often achieve through charm and discretion what would have been impossible to achieve by a direct, forceful approach.

Getting along with others and pleasing them may be TOO important to you, for you can be too dependent on others' approval and opinions to make your own decisions. You will rarely act without getting the counsel and

feedback of other people. You prefer sharing and doing things together rather than on your own. Being alone feels very unnatural to you, and you have a strong need for a partner and intimate one-to-one relationships.

You invest a great deal of your energy in personal love and you are very idealistic and romantic about marriage. You seek a partner who is your equal intellectually, and who is capable of a mental relationship as well as a physical and emotional one. You make a thoughtful, considerate friend or lover, and you enjoy the traditional symbols of love - courtship, flowers, etc. Relationships are like an art to you, one that requires time, attention, and creative effort. You appreciate a partner who is subtle and polished, never coarse or dull or blunt.

Fairness and equality, both in your personal life and in the world, are extremely important to you. If you fight about anything, it is often about something you feel is unfair and unbalanced. Balance is very important to you and you believe in moderation in all things, avoiding fanaticism and extremism of any sort.

You also have a strong need for beautiful, harmonious surroundings and a natural sense of artistic style and grace, which is reflected in the way you dress, furnish and arrange your home and workspace, etc. Everything must be aesthetically pleasing and appropriate. Either working with people as a counselor, advisor, consultant, or negotiator - or in an artistic field such as design or photography, would be fulfilling to you.

Sun in 4th house:

You are a private person and inclined to withdraw in very public and impersonal social settings. You prefer to work at home or in a very personal small business.

You invest a lot of your creative energy into your home, your family, and your inner life.

Sun Conjunct Mercury:

You tend to see things from your perspective only and to be rather subjective. You also enjoy talking and expressing your views but you don't always listen as well. You have a clear mind, a love of learning and new experiences, and need constant mental stimulation and activity.

Sun Conjunct Saturn:

You have a mature and often somber demeanor. You are serious, reserved, self-disciplined, highly responsible and conscientious. You advance in life rather slowly, through your own efforts and persistence. You are also rather stern and judgmental, especially with yourself. Cautious and careful, it is difficult for you to really let go, to be spontaneous and playful. You like to be in control of yourself.

Sun Sextile Mars:

You are positive, vital, energetic, active, a go-getter. You enjoy competition, and your initiative and self-confidence make you a winner.

Chapter 3: Mental Interests and Abilities

Mercury in Libra:

One of your greatest assets is your ability to see both sides of an issue, and to negotiate and bring about compromise and reconciliation. Tactful, reasonable, and with considerable social finesse, you work well with people in business as well as in personal relationships. You are objective and somewhat detached from emotional bias, and make an excellent consultant, mediator, or public relations person. You insist upon fairness and seek to bring harmony or at least peaceful coexistence between people, and your diplomacy is a benefit in any business or social situation. You also have fine aesthetic sensitivities and could work in an artistic or cultural environment.

Mercury in 4th house:

You have an introspective turn of mind and may enjoy keeping a journal or a record of your dreams and personal experiences, or learning about psychology, history, and the inner workings and emotional foundations of your own life. You are studious and something of a bookworm.

Mercury Conjunct Saturn:

Your mind is serious and deep, and you will rarely offer an opinion on any matter until you have thoroughly considered and studied it. You have excellent powers of concentration and enjoy studying or thinking deeply in solitude. You have an aptitude for research or doing mental work which requires precise, organized thinking, attention to detail, and a methodical approach. You are conservative and something of a skeptic, and may be narrow-minded and closed to new ideas, especially if there is no concrete proof or scientific verification of them. Socially, you are rather reserved, uncommunicative, and uncomfortable with light, frivolous conversation.

Moon Trine Mercury:

You would be an excellent teacher or counselor for you listen sympathetically, and encourage others to express their inner thoughts and feelings. People trust and confide in you, and you are able to read between the lines and to sense what their feelings are as well as what they are saying. You work well with and understand women, and the emotional, feminine side of life. You are articulate on personal (rather than factual or technical) subjects. Keeping a diary or journal would be satisfying for you. You also have a talent for learning languages.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Aquarius:

You are not easily moved by emotional displays and can be curiously detached from your own and others' emotions. It's almost as if you could turn your feelings on and off at will so you should be careful not to leave the switch "off" too often, for you could easily become too impersonal. Family ties and attachments are not as important to you as they are to most people and you often consider your friends closer to you than your blood relatives. Certainly, your sympathy and concern extends much beyond your immediate family. In your personal relationships, you insist upon a certain amount of independence and the freedom to pursue friendships with as

many people, of both sexes, as you choose. You do not appreciate a jealous, possessive partner.

You feel comfortable in an atmosphere that is open and experimental, and you have little taste for convention and tradition.

Moon in 8th house:

Though you want closeness very much, you often close yourself off and do not really trust others who may wish to get to know you. You are very wholehearted in your feelings and responses to people, and you want all or nothing from the people you care for.

Moon Trine Saturn:

You have an inner poise and balance that enables you to act in a cool, efficient manner during emotional traumas and stress. You keep perspective and objectivity about highly charged emotional issues - sometimes to the chagrin of others who might wish that you would react more intensely. You are quietly supportive and faithful to your friends and loved ones.

Venus in Libra:

You possess the gifts of tact, courtesy, consideration, and a strong desire to please and understand your love partner. Because you value harmony so much, you will compromise a great deal to avoid any discord or conflict. You do not like to dwell on controversial or emotionally difficult subjects, and often try to "smooth things over" or "sweep them under the rug".

In love, you want an intellectual peer, an equal, and a friend. You are attracted to people who have a certain finesse, delicacy, and subtlety. You appreciate good manners and refinement and are not happy with a coarse, blunt type of person.

Venus in 4th house:

A warm, loving, and comfortable home is very important to you and you invest a lot of your energy into beautifying, decorating, and creating a lovely home. Also, you share your affection with the people in your family very generously and having close family ties is a major priority for you. Being at home makes you happy.

Venus Trine Neptune:

Sensitive and compassionate, you tend to be the "giver" in any relationship. You have high ideals and a refined attitude towards love, seeking to relate in ways that are beyond ego needs and selfishness. You are attracted to people with artistic or mystical inclinations.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Leo:

You are proud and ambitious, and you strive to excel, to stand out and be recognized for who and what you are. You have a very strong ego drive and like to be Number One. You find it difficult to take orders from others or to stay in the background, and you hate being wrong; you always insist that you are right!

You are forceful, strong, energetic, determined, and highly competitive. You play hard, you play to win, and you do not give up easily. In fact, you see life as a competitive sport or performance. You love admiration and applause, and you have a strong sense of personal honor and integrity. You tend to be very self-confident, even arrogant. Because of your belief in yourself, you are able to accomplish much, but if your confidence is ever undermined, you become self-conscious, defensive, and rather belligerent.

Mars in 1st house:

You are a doer and an achiever. Energetic, courageous, and often impatient, you will forge ahead with your plans regardless of others' reservations. In fact, you often feel other people get in your way and you prefer working on your own. You are active, assertive, and rather competitive as well.

Mars Square Jupiter:

You are enterprising, ambitious, and have a strong desire to succeed in a big way. Ever on the look out for new opportunities and promising new ventures, you are willing to take risks if you sense that something is going to be a winner. No matter how much you accomplish, you never seem to be completely satisfied. You always feel you can do more, and set your sights on another goal. You feel frustrated in limited circumstances, and you will leave secure and reasonably successful situations if they do not offer challenges and potential for growth and expansion in the future. You like to keep stretching your limits, to see how far you can go. Sometimes you over-extend yourself or promise more than you can actually achieve, due to an overly optimistic or overly confident assessment of your own capacities. You relish healthy competition and feel that it spurs you on to even greater achievements.

Chapter 6: Other Influences

Jupiter in Taurus:

Material comfort, security, and well-being are quite important to you, and you are not one to have your head in the clouds when financial matters and future security are at stake. Your strengths are practicality, a love of the earth, and the ability to take great delight in the sensual pleasures of the natural world. Also, when you feel secure financially, you are likely to be very generous and hospitable.

Jupiter in 10th house:

Your career or contribution to the world at large is likely to touch many people's lives in a very positive, helpful way. You aim high and have an innate confidence and trust both in your own abilities and in life in general, which enables you to go far. You want to do something BIG with your life, and you attract the support you need to do so, for your aims are not solely for your own personal benefit. You want to give something back to the world, or to improve others' lives as well as your own.

Jupiter Trine Pluto:

Your sensitivity to the larger social context of a project gives you the perspective to discern good opportunities and attract successful pursuits. You are likely to achieve a high level of success in your career or business.

Saturn in Libra:

You take your personal relationships so seriously that they may seem more like work, constant effort, and compromise, rather than a free and enjoyable sharing. You may feel that relationships in general require more of you than they are worth, and you enter into any close relationship cautiously and conscientiously. You also fear entrapment in close relationships.

Saturn in 4th house:

Your childhood or your relationship with your parents was restrictive, unloving, or unhappy in ways that may prevent you from allowing other people to get close to you in later life. You felt deprived in some manner, whether or not you actually were deprived in some way. Emotional separations or repression of your needs and feelings may typify your early life, at least as you remember it. Forgiving your parents and/or letting go of any resentments you have about the limitations you experienced early in your life is crucial. Also, you need to build your own solid foundation, and investing time and energy into your home, domestic relationships, and inner life can help you accomplish this.

Uranus in Aries:

You are part of a 7 year group of people who are highly independent, self-reliant, self-willed, and rebellious. You are a rowdy bunch and your generation broke many time-honored traditions and customs. Your age group pioneered many new ideas that remained fashionable for many years; for example, rock 'n' roll was introduced by people of your age group.

Uranus in 9th house:

You are unconventional, even iconoclastic, in your attitude toward religion, philosophy, and politics. You tend to see traditional religion as restrictive, meaningless ritual with little to offer you, and you're eager to experiment with other, alternative pathways. You have lots of creative, innovative ideas and you often feel that others are unwilling to take risks and venture out of their deeply ingrained perspectives and views.

Uranus Square Pluto:

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

Neptune in Aquarius:

You are part of a 14 year group of people that are progressive and broad-minded in religious philosophy and spiritual attitude. You are not a mystical bunch, but you are not skeptics or cynics of mysticism either. However, you generally do not follow a religious philosophy unless it appeals to your sense of logic and reason. The more ancient and intuitively based religions are of little interest to your age group, and religions undergo much "modernizing" during your lifetime.

Your generation blurs the distinction between science and mysticism; your scientific discoveries are carried on with a spirit of awe and wonder, and the discoveries that are made only serve to increase that sense of awe and wonder. The dry, academic approach to science fades out during your generation.

Science fiction is also popular with your age group. Also popular are abstract artistic styles, which reflect your progressive imagination.

Neptune in 8th house:

You have a very active imagination and powerful fantasies. You may develop an interest in the supernatural, psychic phenomena, or occult subjects. You may have strange fantasies and/or nebulous fears of "ghosts", "the astral plane", or death. It's better for you not to dabble in such areas unless you are thoroughly grounded in the practical world as well.

Pluto in Capricorn:

You are part of a 15 year group of people who have a very strong practical and realistic attitude towards life. You are an ambitious group also and you work hard to improve business, commerce, and other practical affairs. There always seems to be lots of hard work that needs to be done when your generation comes around, and your generation is ready and willing to do it.

Your age group is marked by its precociousness and seriousness. However, it is also as if you were somehow cut off from many of your inner feelings. There is very little of the "child" in most members of your age group, and you have a much cooler, more detached attitude to life than other age groups. You are mature, but also rather aloof. You are ethical but tend to lack empathy and heart. For many members of your age group, it is as if they were cut off from their deeper, emotional side. Naturally, it is important not to let this tendency become too unbalanced, as it can lead to a harsh, insensitive attitude, and a tendency to become involved in corrupt and unethical practices.

Pluto in 6th house:

You can become obsessed with your health, self-improvement and personal development. The psychological elements of disease interest you, and you may endlessly psychoanalyze yourself and others.

Also, you may work compulsively and exhaust yourself through overwork. You can be a tyrant with co-workers, and it may be easier for you to work in solitude.
